RE: SASOHN ENDORSEMENTS OF PRODUCTS AND/OR SERVICES

It has been brought to SASOHN's attention that service providers claim that their products and/or courses are endorsed by SASOHN. With regard to this any reference to a specific commercial product, process, training course or service does not necessarily constitute or imply its endorsement, recommendation, or favoring by SASOHN.

It is the **responsibility of the user** of any commercial product, process, training course or service to ensure that the product, process, training course or service meets the needs of the user.

To this end SASOHN does not advertise any products, process, training courses or services. In addition the use of the SASOHN logo or name for marketing purposes without the explicit permission of the organisation is not allowed.

All queries can be directed to the SASOHN National Office.
