Langebaan also boasts a beautiful Golf course. The legendary Gary Player's Black Knight Design was charged with turning Langebaan Country Estate's golf course into a high-quality yet truly testing layout. Well-positioned bunkers, amazing natural rock formations, the large water feature separating the 10th and 18th fairways and the natural wild flowers, birdlife, and a variety of buck species, and it is clear that Langebaan Country Estate is only one growing season away from becoming a course that will stand out as an unforgettable experience. This spectacular course plays 6359m from the championship tees (6994 yards), 5826m to 6071m from the club- and senior tees, and 5202m from the ladies tees with an overall course rating of 71. The course drains extremely well making it playable all year round, unlike many of the Western Cape's golf courses.
